Public Record/news information/other notes: "I believe America is becoming too Sodom and Gomorahish and needs to center itself. The left wing radical progressive socialist PC crowd is assaulting our gun rights, killing our babies and too far left. We need to build the wall and foster legal immigration. We must re-adjust Spokane's Sanctuary City policy allowing our Police to coordinate with ICE. We also need to Be Prepared for LONG and Short term emergencies (shorage of water, food, electricity, etc.). Finally, we need to reduce mental illness, stress, selfishness, greed and HATE." <https://worksanddeeds.com>
